We Appreciate Referrals
Please feel free to refer any family members or friends should they need any legal services. A referral from you is one of the best compliments our office can receive. Consultations are complimentary.

2007: HERE WE COME

Graham Lundberg & Peschel looks forward to 2007 and the challenges and opportunities that it will, no doubt, bring to our attorneys and staff. Our clients can anticipate receiving the aggressive, thorough, and ethical representation that they have come to expect over the last 28 years as we have a strong team of legal professionals in place in both the North and South Sound. The health care providers with whom we have had the privilege to work with can look forward to GLP's continued commitment to education with our scheduled series of interesting and informative seminars designed to help navigate the murky waters of insurance claims and personal injury law.

As we wind up for 2007, we would like to take this opportunity to re-introduce the partners at GLP:

John Graham has been practicing for over 25 years. He devotes his time to keeping informed of the newest developments and discoveries in treatment and diagnostic procedures. He believes an informed team understands that the issues facing clients and care providers are critical to representing injured persons.

Scott F. Lundberg is one of the founding partners of the firm. He represents seriously injured people including brain injured victims. In 2006, Scott successfully represented a seriously injured woman receiving more than a Million Dollar settlement on her behalf.

Brian J. Peschel is one of the founding partners and President of Graham Lundberg & Peschel. He dedicates himself to helping injured people and claims against insurance companies to ensure that their rights are fully protected. In 2006, Brian was proud to be a contact for many of the new clients that came into our office, meeting with them personally

and helping them during the initial stages after the accident. This is a time when injured people need reassurance and guidance, which Brian was able to provide.

Kenneth B. Golden is the Managing Partner for the South Sound offices of Graham Lundberg & Peschel. In 2006, Ken successfully ran the offices in Tacoma and Port Orchard and even managed to move the Port Orchard office to our new location at 2153 Bethel Rd. SE, Port Orchard. He is particularly proud of the dedicated and loyal team of professionals with whom he has the privilege of working and mentoring.

Cydney Campbell Webster is a partner in the North Sound office. Her practice includes representing people who have sustained significant injuries in construction site accidents, work place accidents, and motor vehicle collisions. In 2006, she was able to settle a case for an injured young woman for over Two Million Dollars, which will help provide lifetime security for her client's continuing medical needs and future support.

John D. Webber is our newest partner in the North Sound office. We are pleased to have him join our management team. In 2006, John was particularly proud to help manage the north sound team in representing the rights of injured people. John has been selected as a Washington Rising Star for 2007 by Washington Law & Politics. Only 2.5% of the attorneys in the State are named as rising stars!

Please do not hesitate to contact one of our partners or associate attorneys if you have any question or concerns about an insurance claim or personal injury law. The entire team at GLP wishes all of you a happy and prosperous 2007!!!
